Dear Summer School Families,

June 28, 2021

Last week, the State of Michigan lifted all COVID-19 restrictions, shifting away from how we have been living for the past 15 months. Based on this latest set of information, GSD will not be requiring face covering usage during summer school. Instead, the use of face coverings will be optional although encouraged and recommended, especially for those who are not vaccinated. Quarantine due to exposure and other mitigation practices such as hand washing are still in effect.

Please note a change in required mitigation practices, including wearing masks, could happen at any time through a State order or a local county health order.

We appreciate your continued flexibility as we navigate the ever-changing nature of response to the COVID-19 pandemic.

If you have any questions pertaining to your child in summer school, please contact your child's summer school administrator.

Your Partner in Education,

Amy Conway
Superintendent
