OPTION 2: GSD Virtual Option

- Students can temporarily enroll in GSD's existing virtual school, Lakeshore Virtual School
- Curriculum is designed for virtual learning, is customizable by GSD teachers, and can be self-paced and flexible for students and families
- Work and assessments is monitored/graded by subject endorsed certified GSD teacher
- Each student has a weekly mentor contact from a certified GSD teacher who assists with pacing and progress
- Students may still participate in activities, extracurricular activities and athletics from their existing school

As we work closely with the Michigan Department of Education, state health officials, the local government, community leaders, families, and teachers, we will continue to develop plans that consider all aspects of how our community might be affected. Our scenarios must be flexible and able to be scaled up or down depending on local conditions. No matter our particular context or scenario, our mission is to educate all students to achieve their potential.

Throughout the summer the GSD Back to School Taskforce teams have been studying and reflecting on what best practices in the following areas as we have been planning for the 2020/21 school year.
