

12/18/20

Good afternoon Seahawk Families,

I wanted to send an update regarding a return to athletics. The state of Michigan through MDHHS has extended the pause to indoor, organized athletics until January 15th. This decision will require our league directors to meet and redo our Winter I sports' schedules. Once schedules have been recreated, we will put a plan in place to begin practices. As always, thank you for your patience and understanding as we work with multiple governing bodies to provide the safest athletic experience for our Seahawk students.

Enjoy your holidays!

Dave Anderson
