

1/28/21

Dear Shumate Families,

I wanted to provide an update about Winter athletics. We met as a league today and decided to move forward with non-contact practice/conditioning for boy's basketball, wrestling, and cheerleading. Girl's basketball tryouts are still to be determined and boys and girls swimming will start practice again the week of February 15th. Boys basketball and girls cheerleading will be notified of practices by their coaches. Interested wrestlers, please see below.

Wrestling will be starting on Monday, February 1st. Any interested 6th, 7th, and 8th grader is allowed to participate in this sport. Coach Martin has provided the signup for Remind updates below. Any interested student should come to the first day of practice. Before practice is permitted, a physical has to be turned in. If you have one on file from last school year or from the 2020 Fall season, you are all set. In addition, there is an athletic fee of \$100 dollars that must be turned in before the first meet on February 9th. If you have paid this fee in the Fall, you do not need to pay it again.

Students may stay after school and wait in the cafeteria for practice to begin. This area will be monitored by adults in the building.

Have a great night,

Dave Anderson
