

3/4/2020

Dear Shumate Parents and Guardians,

(Please disregard the email/text that was sent a few minutes ago. The link didn't send properly.)

In an effort to guide decision making and best practices for student learning at Shumate Middle School, we are inviting school parents and guardians to complete the annual Parent Survey. The goal of this anonymous survey is to engage our school community in a two-way communication that will help district and school leaders gain a deeper understanding of the areas of strength and effectiveness here at Shumate, along with opportunities for improvement.

The survey will be available online beginning today, and will run through Friday, March 6, 2020. Please use the link below to access the survey. It is our desire to have as many Shumate families as possible participate in the survey.

If you have children who attend other Gibraltar schools, please complete a separate survey for each school. Students and staff from across the district will also have an opportunity to complete similar surveys over the next several weeks.

Thank you in advance for helping us to make Shumate an even better place for our students to learn and grow.

Warmest Seahawk Regards,

Eric Cassie & Dave Anderson
