

4/15/2020

Hello Shumate Families,

Over the past few weeks we've learned a tremendous amount regarding how to connect with your child at home using their GSD Google account and Chromebook. That being said, we sometimes take for granted that the same connectivity doesn't exist to users outside of our network. It came to our attention while preparing for another virtual meeting that that the "new" link we sent yesterday will work flawlessly through your child's Chromebook and teacher laptops, but will not work through any device outside of the Gibraltar School District network. It turns out that the robust safety measures we have put into place to protect your child will require us to communicate differently with parents than we will with students. We know we've said it before, but we really appreciate your patience. The link that was sent yesterday has been disabled. Here's a new link which will allow you to take part in the meeting without borrowing your kid's Chromebook: <https://zoom.us/j/94926822045>

Please use this form: <https://forms.gle/afSLRtPMfJJG8meH8> if you have any questions about information presented during the meeting. We will try to answer as many questions as possible during the Q&A portion at the end of the meeting.

We're looking forward to seeing you today **from 2:30pm to 3:30pm.**

Warmest Seahawk Regards,
Eric Cassie & Dave Anderson
