

May 18, 2020

Hello Shumate Families,

As we mentioned last week, these last few Family Updates of the 2019-2020 school year will be jam packed with modified plans to close out this unconventional year, and set the stage for outstanding future opportunities for all of our students. In addition to the regular Monday update items, this week's edition also includes information about student material pickup, as well as the 8th grade (virtual) Recognition Ceremony. We try to avoid bombarding parents with emails by keeping the essential weekly information in these Monday Updates. That being said, we will be sending an additional, and very important elective classes scheduling link later this week for our current 6th and 7th grade students. Please see below for helpful information as enter online week 4!

Within this week's update you'll find:

1. 5/18/20-5/22/20 Link for Student Work
2. BIG Ideas / Concepts for students throughout the end of the year
3. Student School Belongings Pick Up & Textbooks
4. 8th Grade Recognition Ceremony
5. Memorial Day Math - Rescheduled
6. Mental Health - GSD Family Check-In/Student Support Protocol Plan
7. Class of 2024 Shirts & Decal Order Form - LAST DAY TO ORDER!
8. Reminders for Students

Link for Student Work - 5/18/20-5/22/20

You will once again find that all core classes are the same for every student (by grade level), with the exception of math. Please check with your child to make sure that you are looking at the correct math class. Other than that, you'll just need to find your kid's 3rd cardmarking electives for information about their other 2 classes.

BIG Ideas / Concepts For Students - Remainder of School Year

Please don't confuse this with the weekly assignment documents. This will serve as a general overview for the rest of the year, whereas the weekly updates serve as specific notification of assigned work. Here's the link:

<https://docs.google.com/document/d/1q6aq2NXNMCZNmddbi9iZ5fAoZ0GuMZP7ZzNWPjnikA/edit?usp=sharing>

Student School Belongings Pick Up & Textbooks

On 5/28 and 6/1 parents and students may pick up the contents of student academic and PE lockers in the front of the school from 11-2:00. We will deliver items to your car, so there's no reason to get out. While bagging lockers for curbside pickup, we've been collecting textbooks from lockers. However, we know that there are plenty of textbooks at home. Since teachers are now posting all necessary material online, we're asking students to bring their textbooks from home when they pick up their belongings. We will send more

specific directions and a map in next Monday's SMS Family Update.

8th Grade Recognition Ceremony

The 8th Grade Recognition Night is an event our kids have looked forward to for a long time. While we can't replicate the dance, we have constructed a virtual replica of the ceremony that will celebrate our Seahawks heading to CHS. More details were sent to students through their ELA Google Classrooms. The event will take place on June 9th, at 7:00pm. We'll send a link prior to the event. Due to the 500 total viewer capacity of the program we'll be using, we're asking families to tune in together using one device for this event.

Memorial Day Math

Due to Memorial Day, we will not be holding math Google Meets on May 25th. "MOST" math classes will meet on Tuesday, May 26th at 9:00 or 12:00. Please remind your child to refer to their teacher's Google Classroom for the specific time and date of their rescheduled Google Math session.

Class of 2024 Shirts & Decals - LAST DAY TO ORDER!

Parents of 8th Grade Students - You can use the link below to order a Class of 2024 shirt or decal that will be delivered directly to your house. The link will be active for the next 30 days.

https://letloverule.com/chs_class_of_2024/shop/home

Reminders for students:

All work is due by 4:00 on Friday.

Meet with your class using Google Meets at approximately 10:00am and/or 1:00pm each day following the schedule below. Specific times will be communicated by your child's teacher through Google Classroom.

Monday - Math

Tuesday - ELA

Wednesday - Science

Thursday - Social Studies

Friday - Electives (1st-3rd hours at approximately 10:00 and 4th-6th hours at approximately 1:00)

Google Meets - Connectivity Troubleshooting

We've noticed some commonalities in the connections problems reported by several students. The following 2 tips will solve a ton of student connections issues when attempting to join your Google Meets. If your child is struggling to connect, please remind them of these 2 easy fixes:

1. A reminder that students cannot get into a Google Meet until the teacher has entered. If you get an error message, wait a minute or 2 and try again.
2. The password is case sensitive. Don't add capitals or spaces.

Please look for similar updates every Monday at 9:00am.

Warmest Seahawk Regards,
Eric Cassie & Dave Anderson
